Friday: 8.30-14.00
**GalileoDiscovery** is the University of Padova Library search tool.

With just **one query**, you can find the materials for your research, **regardless of their format** (books, articles, journals, etc.).
GalileoDiscovery

With a single search it is possible to retrieve at the same time, in **print and electronic format**:  
- books  
- journals  
- articles  
- multimedia resources  
- encyclopedic entries  
- technical standards  
- statistics  
- contributions to open access scientific research  
- ...
# Loan conditions

<table>
<thead>

GalileoDiscovery

1. Main menu
2. Authentication
3. Simple and advanced search
4. Information boxes
The default **Search All** is the widest. It is however possible to select some already established sets of materials by scrolling the menu on the right:

1. **Libraries Catalogue**: to search books and journals
2. **Electronic Resources**: to search only electronic resources
3. **Padua Research Archive**: for the University's research products
4. **Ebsco**: to query only the databases of the Ebsco platform
GalileoDiscovery - Databases

You can search databases by title or select them by category.

Choosing a category will open a list in alphabetical order.
Databases

**Multidisciplinary Bibliographic Databases**

- **Web of Science** (Clarivate bibliographic and citation database of peer-reviewed literature)
- **Scopus** (Elsevier bibliographic and citation database of peer-reviewed literature)
Databases

Engineering Village (the most comprehensive interdisciplinary engineering database in the world)

Urbadoc (includes bibliographic references on urban planning, habitat, urban and regional policies)

Reaxys (web-based search and retrieval system for chemical compounds, bibliographic data and chemical reactions)

ASTM Compass (includes the access to research reports, journals, special technical publications, manuals/monographs, data series, proceedings, bulletins, materials research and standards)

Bsol (includes all international and European standards that have been adopted as British standards (also ASTM, ISO and IEC standards)

SpringerMaterials e Total materia (A comprehensive databases covering multiple material classes, property types, and applications)
With **Authenticate** you use the personalized services of GalileoDiscovery

You can access with:

- Local authentication for those who are not Unipd institutional users and do not use the Social Login
- **Single Sign On** for institutional Unipd users
- Social Login 🌐/facebook/twitter for users of civic and affiliated libraries
GalileoDiscovery
User authentication
GalileoDiscovery - How to request a book

1) Search a book

2) Two of the copies are not available (out of library or available-Deposito): click the arrow and then on request
Self-service scanning, photocopying and printing

You can make your own photocopies with your student card.

Your account is linked to your University ID card.

Remember!

Reproduction of published materials is subjected to copyright law. You can photocopy only 15% of a book or an issue.

You need to register an account on https://unipd.albamyprint.it/RicohmyPrint/Login.aspx
Journal articles and book chapters not available in University of Padova libraries can be requested through the Document Delivery service (DD)

https://nilde.bo.cnr.it/index.php
Books not available in the University library system can be requested through the *Interlibrary Loan service (ILL)*. The service is not for free.

The Auth-Proxy service allows off-campus access to University of Padova electronic journals and databases both from Italy and from abroad.

This service will be available until the institutional email address (@studenti.unipd.it) is active.

Off-campus connection: https://bibliotecadigitale.cab.unipd.it/en/search-tools/off-campus-connection

Auth-proxy guides and tools: https://bibliotecadigitale.cab.unipd.it/en/search-tools/proxy/auth-proxy
To access the libraries of the University of Padova, users must book a suitable seat identified by the library, in order to guarantee the prescribed social distancing, via the Affluences app using the institutional email.

Affluences mobile app is free, ad-free, and freely downloadable from the App Store and Google Play.
Wi-fi connection

Engineering Libraries offer you a free wi-fi connection

eduroam is an international roaming service for users in research, higher education and further education.

It provides researchers, teachers, and students easy and secure network access when visiting an institution other than their own
Ask@librarian

- Do you know how to start your research?
- Have you troubles finding materials?
- Do you need any help with search tools?

Feel free to contact us! The service is available to Engineering students and academic staff

Ask @ librarian

clicking on SSO (Single Sign On) UNIPD: name.surname@studenti.unipd.it

A librarian will contact you within 3 working days
Reference management software

These applications can help you:

- import citations from catalogues, databases and websites
- create and organize bibliographies for theses, books and articles
- insert and format citations within the text of documents

To verify available dates, you just have to check this link and choose your location:
https://bibliotecadigitale.cab.unipd.it/en/using-the-libraries/training-courses

You can access to the courses in all the libraries of the University, so not only in Engineering Libraries.
